

Empathy map

Use this framework to develop a deep, shared understanding and empathy for other people. An empathy map helps describe the aspects of a user's experience, needs and pain points, to quickly understand your users' experience and mindset.

Build empathy

What behavior have we observed?

What can we imagine them doing?

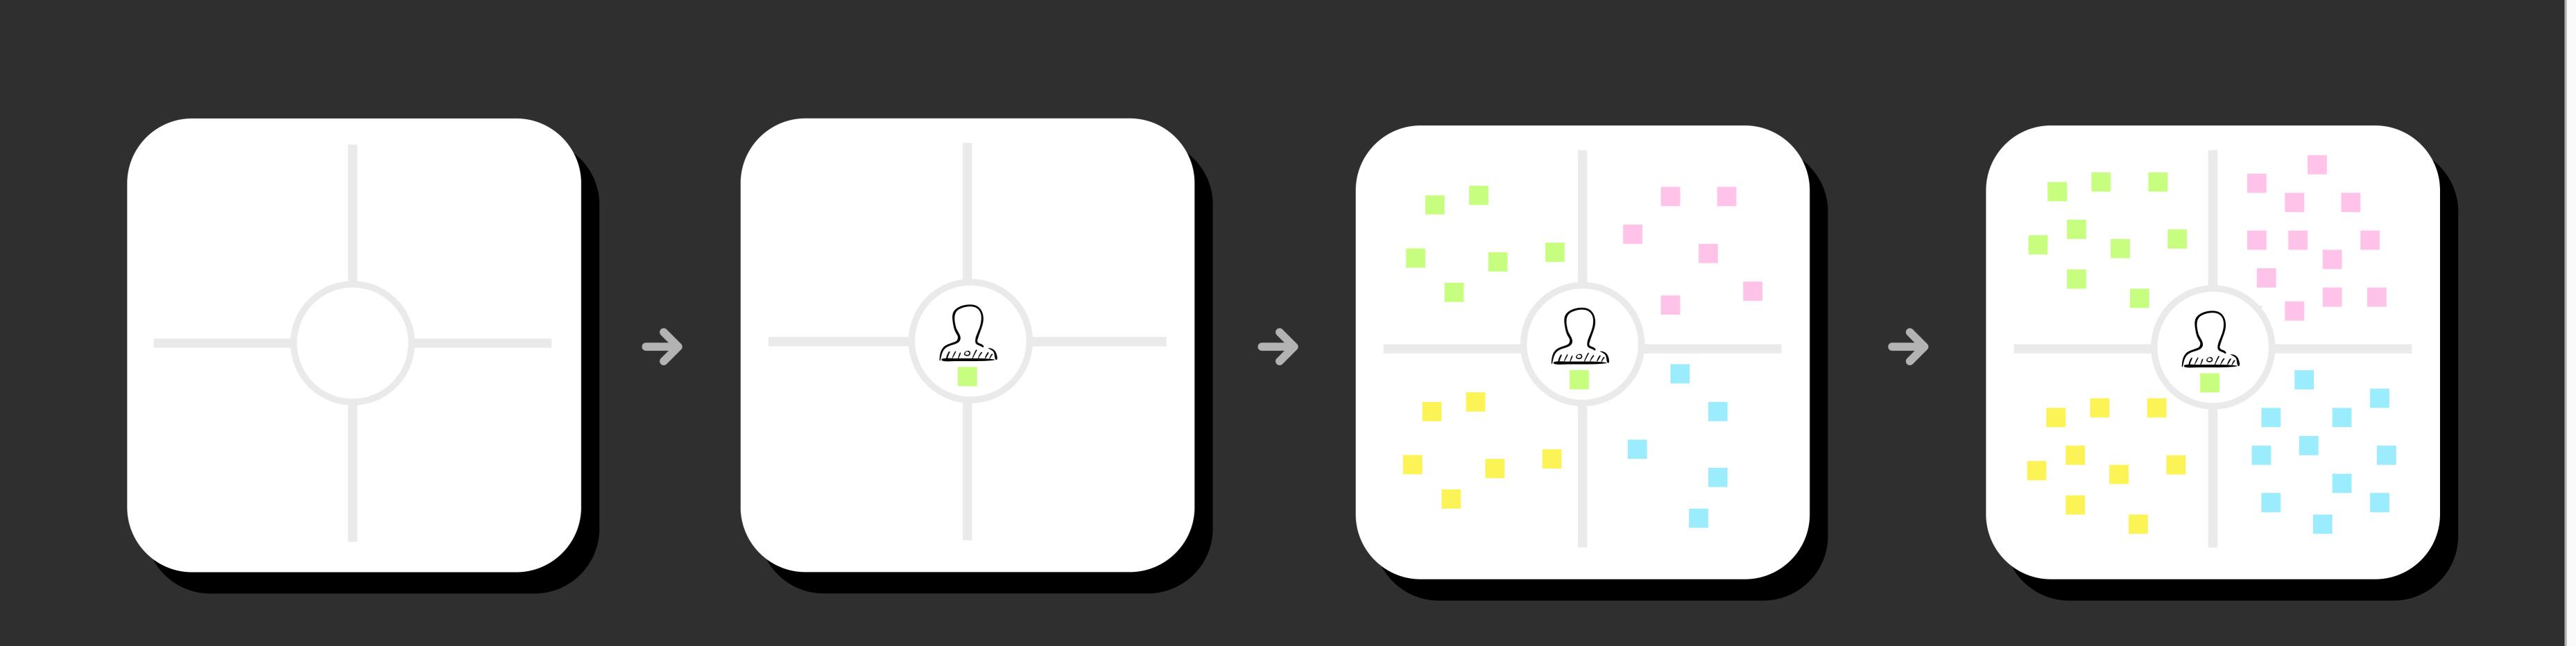

The information you add here should be representative of the

observations and research you've done about your users.

anxieties? What other feelings might

influence their behavior?
